

ARGENTINE BEEF is a national icon and pride of a country boasting the best natural conditions and health control system which guarantees an indisputable quality awarded by the highest international recognitions.

THE OPEN AIR BREEDING SYSTEM in the limitless plains of Pampas, extensive pasture lands where animals benefit from an incomparable climate and a free range grazing, allows the production of the highest quality beef of absolutely unique tenderness and juicy texture.

INALCA distributes the full GRAIN FED beef cuts set in compliance with programs designed and shared with the best local producers.
